

FESTPrimer

Ready-to-use one-component water-based acrylic primer to be used before using PU FEST 2K varnish.

The special formula improves the adhesion of PU FEST 2K varnish to the substrate and increases resistance to water and alkaline dirt.

The product has neutral pH, is antiallergic and pet-friendly.

APPLICATION

The surface must be perfectly hardened, load-bearing, dry, clean and free from dust, waxes and oils, etc. Shake well before use.

Apply with a high-quality nylon or microfiber roller, 8 mm bristles.

If necessary, it can be diluted with 10% water.

TECHNICAL DATA

- Consumption: 1litre: 10m²-15m²
- Color: colorless
- Shelf life: 12 months
- Application temperature: +15°C ÷ +25°C
- Drying time: 12h-24h
